

3DEP Implementation Draft Plan Version 1.0 Reviewer Instructions

The 3DEP DRAFT Implementation plan was released on December 2 and your comments, edits and suggested changes will be most helpful if they are returned to USGS not later than February 12. Reviews received earlier are greatly appreciated. A spreadsheet to record your comments, edits, and suggested changes is attached. Please send via email all completed reviews to the 3DEP drop box at 3DEP@usgs.gov. The subject line should read "3DEP Plan Ver. 1.0 Reviewer Comments".

Questions may also be sent to the same drop box and they will be routed to the appropriate person.
