

Errata Sheet for WRIR 01-4171 (Version 1, 2001)

P 2 col 2 Previous studies should read "...and (Randall, 1977) provided..."

P 4 col 2 paragraph 1: "Randall (1980)" should be "Randall (1986)"

P 6 col 2 Hydrologic boundaries, last sentence should read "...also crops out on a hill east of the confluence..."

P 7 – Table 1

Vestal 4-21 should be 4-2 BM 60 should be BM 160

Vestal 4-31 should be 4-3 BM 86 should be BM 186

P 8 col 2 Stream Aquifer Relations Line 5: "where" should be "were"

P 9,10 – Some of the red wells on these maps did not exist in 1981 and were not used to simulate April 1981 conditions. Explanation should read "Well pumped in 1981 and/or 1990 for municipal or industrial supply or environmental cleanup."

P 16 col 2 Methods, 5 lines up from bottom: "...high vertical hydraulic, and..." should be "high vertical hydraulic conductivity, and..."

P 17 -18 Figure 5A caption should read: "Map of model area showing extent of lower aquifer and altitude of bedrock surface."

Figure 5B caption should read: "Map of model area showing thickness and extent of lower model layer."

P 19 Flow paths, first line should read "...forward particle tracking is a useful..."

P 20 col 2 line 4 "particle" should be "particles".

P 20 col 1 line 13. "...where they enter the upper model layer..." should be "...where they enter the lower model layer..."

P 21 substitute caption for figure 7

P 22 substitute caption for figure 8

P 23 substitute caption for figure 6

P 23 dark/light green colors for IBM supply well should be reversed.

P 15 - Table 3 – Footnotes 1 and 2 should be added.
